

## Wintering Grounds for Boreal Birds that Breed in Ontario

← Higher Concentration      Lower Concentration →

Map produced by Boreal Songbird Initiative and adapted from Partners In Flight publication *Making Connections for Bird Conservation: Linking States, Provinces & Territories to Important Wintering and Breeding Grounds*. Original maps were developed using data for 67 migratory landbird species considered to be of conservation significance by the Partners in Flight coalition. For original maps, visit: <http://www.pwrc.usgs.gov/PIF/pubs/ts/04-Connections/default.HTM>
